

Don Quijote

Nombre: \_\_\_\_\_

You will work in groups that I put you in to summarize one chapter/part of this novel. How will you summarize it? Well, let me tell you. You could make a rap, put on a play, tell it as a story, make a puppet show, or whatever is appropriate. EVERYONE MUST PARTICPATE in the summary when it is presented. I will come around to each group and help you with the summary. After that, you can decide how you want to present it. In addition, you will make up five questions that the other students will answer about your chapter summary. If you ask the question, the answer should be in your summary. The students should be able to answer the questions based upon the information you give them. You will type these directly into my computer in class.
