

## Food Presentation

You will be cooking an authentic food item in front of the class in partners. You will be the leader in one group and a helper in the other group. This way we can make more dishes.

## Steps involved:

1. Translate the recipe into Spanish using correct command forms. You may need to use a dictionary. You also might have to expand your recipe. Each recipe will need to be at least 40 words long in Spanish.
2. You will need to make a list for Sra. of all ingredients, utensils, pans etc. that are needed.
3. You will read the recipe in clear Spanish and cook as you read.
4. Everyone in the group must be present at the presentation and must take part somehow.
5. All others will be tasting the items and writing comments on a separate sheet of paper. It does not matter if you think you will not like the food, just try it.

## Grading:

Correct translation of recipe		10 points
Present at presentation, took part		10 points
Effort (personal)		10 points
Arranged with Sra. to have all items available		10 points
Had all items organized and ready on day of presentation		10 points
Spanish was well understood by other students and correctly pronounced		10 points
Recipe was followed correctly		20 points
Food tastes like what it should		20 points
Total		100 points
A 100-90	B 89-80	C 79-70
