

SCHOOL DISTRICT of FALL CREEK

336 E. Hoover Ave. • Fall Creek, WI 54742 • (715) 877-2123

Dear Parent,

We would like to extend a welcome to you and your child upon entering the Fall Creek School District and to inform you of some of the programs provided by Nursing Services.

Nursing Services in the Fall Creek School District are provided by an RN and school secretaries.

Immunization Requirements

State Law requires that all immunization be up-to-date **within 30 days** of entering the school system. New students will be asked to complete the immunization card at registration, all others are requested to notify the school nurse when your child receives additional immunizations.

Dtap and Varicella #2 Immunization boosters for incoming 6th.

*Waivers for personal, religious, or health reasons remain an option for parents.

Health History

Please complete the health history form. If your child has a significant health history please contact the school nurse personally. To enhance your child's educational experience, special needs or concerns will be shared with appropriate personnel.

Medication and First Aid

Daily medication administration and routine first aid is provided by the school secretary and/or health assistant. A Registered Nurse is available for emergencies. If your child needs daily medication at school please obtain a copy of the school district's policy and complete the required forms.

Screening

During the school year, screenings are conducted periodically in the following areas:

Vision

Hearing

Head lice as needed

Absences

Absenteeism due to illness should be telephoned daily to your child's school secretary. Please be specific about illness (i.e., flu, strep, chickenpox, etc.) because it is helpful in the control of communicable disease.

Again, welcome to the Fall Creek School District and if you have any questions, please feel free to contact the school.

Lara Johnson RN
