

SCHOOL DISTRICT *of* FALL CREEK

336 E. Hoover Ave. • Fall Creek, WI 54742 • (715) 877-2123

Tuesday, September 17, 2014

Dear Fall Creek families,

Yesterday the state report cards were released. Though I know they serve a purpose at the state and federal level, they don't define us as a district. We will use the data (specific to gaps and growth), but there are so many other things we need to take into account when discussing successful schools. The arts, exploratory classes, clubs, and extra-curricular activities all contribute to the school community and are not included in the number designated by the state. Our students and teachers continue to score well on the state report cards. According to the Leader Telegram, we are one of less than 12 districts in northwest Wisconsin reaching Exceeds Expectations in each of the last two years. We have a fantastic school district, with wonderful students, incredible teachers, and supportive families. We will continue to improve in areas and provide a great experience that encourages students to learn well beyond the walls of school. Your support in this effort has been astounding and together we are better for kids. I am proud to be part of this school district, not because we Exceed Expectations on the state report card, but because of the experience.

Go Crickets!

Sincerely,

Joseph Sanfelippo, PhD
Superintendent
Fall Creek School District
