

SCHOOL DISTRICT of FALL CREEK

336 E. Hoover Ave. • Fall Creek, WI 54742 • (715) 877-1000

Monday, December 4, 2017

Dear families,

When the threat of severe weather forces us to close school for the day we relay that information in a number of ways. If school should have to close, the following forms of communication are used to keep everyone informed:

Social Media-All closings will be posted on our Facebook, Twitter and Instagram accounts:

Facebook- www.facebook.com/FallCreekSchoolDistrict

@fccrickets on Twitter and Instagram

@joe_sanfelippo on Twitter and Instagram

App Notification: Get the Fall Creek App for iOS and Android by going to

<http://www.fallcreek.k12.wi.us/parents/>

Webpage- We also post the cancellation on our webpage. It can be accessed at www.fallcreek.k12.wi.us

Remind-We send a text message through Remind to indicate school will be closed. You can access Remind by texting the message @fccrickets to 81010.

Email Communication- Our email draws right from Skyward. If you are the primary contact in the system you will receive an email.

Parent Link Voice Call- We also have the capability to voice call through ParentLink. Again, if you are the primary contact you will receive a call.

Local News/Radio-WEAU and WQOW get the first reports from us.

Our job is to keep your student safe. There are times we will miss on the weather, but we always keep the safety of students at the forefront of what we do. We hope the multiple layers of communication can help get the word to everyone in a quick and consistent manner. If you believe the weather is not safe for your student to travel, please keep them home. Weather related absences are considered “excused”. Thank you for your continued support of our programs...your connection to our building means so much to everyone in the Fall Creek community. Go Crickets!

Sincerely,

Joe Sanfelippo, PhD

Superintendent

Fall Creek School District
