

Introduction to Computer Technology
Grading Rubric for Guess Which State I Am?
PowerPoint Unit

NAME _____

The following are your requirements for your PowerPoint: Please be sure to check that have included each item before submitting your assignment to the T:drive. Each element is worth two points or 40 points total.

1. The same background or design theme is applied to all slides; do not use pictures for backgrounds
2. Animations are applied to all slides (all parts must have an animation – title, bullets, and picture)
3. Animations are in the correct order sequence for presentation (title 1st, then either bullets or picture)
4. Animations run automatically with no clicking required to advance animations (changed from “on click” to either “with previous” or “after previous”)
5. Transitions are inserted between each slide (use a variety of transitions)
6. Each slide has at least one picture/graphic
7. Pictures/graphics are high quality/not blurry or pixilated
8. Pictures/graphics are flipped to face the center if appropriate
9. Pictures/graphics are resized to look in proportion to text/content
10. Spelling, spacing, and capitalization rules are followed (don't abbreviate)
11. Punctuation is not used (eliminate) – use bullets instead
12. Information is presented in short phrases or words – sentences or paragraphs are not used
13. Four bullets of information are included on each slide
14. All required information is presented in PowerPoint
(Title slide, geography, history, climate, people, cultural notes, miscellaneous information, and two closing slides)
15. No chat room or texting talk/spelling is used
16. Your name is NOT included anywhere in slideshow
17. The slideshow was completed on time
18. The name of your state is NOT included in slideshow until the very end
19. Your PowerPoint is correctly copied and pasted to the T: drive – Shew – Computer Technology 7th Grade - 2015-2016
2nd Trimester folder – you must save your file name as: **your first and last name** (follow the separate handout out on copying and pasting to the T:drive)
20. This grading rubric is turned in with your name on it after you copied and pasted your file to the T:drive

YOUR SCORE _____ / 40 Possible Points
