**7<sup>th</sup> Grade Computer Technology**
**Publisher Unit**

Today you will be designing an AutoShape Face using Microsoft Publisher.
You will only have today to design the face.

**Directions:**
- Using the AutoShapes commands – design a face. Be sure to use a variety of AutoShapes to make your design creative and fun.

**Requirements:**
1. **Face**
2. **Eyes**
3. **Eye brows**
4. **Eye lashes**
5. **Ears**
6. **Nose**
7. **Mouth**
8. **Neck**
9. **Hair**
10. **Fill colors**
11. **Line colors**
12. **Background color/s**
13. **Be CREATIVE and HAVE FUN WITH IT!**

*Optional but recommended:*
1. *Hair accessories*
2. *Earrings or piercings*
3. *Teeth*
4. *Mustache*
5. *Body*
6. *Clothing*

If you finish early…
- Experiment with the shadows and 3-D effects that were demonstrated
- Add more shapes to your face to make it more fun and interesting
- Experiment with additional fill colors or line colors
- Create a second face that symbolizes your neighbor or favorite celebrity, artist, teacher, etc. (be nice but have fun ☺

You must turn in this grading rubric with your printed face
