

Side 1

Nombre: _____

B. Match the Spanish numbers with the numerals. Write the matching numeral in the space provided:

- | | | | | |
|--------------------|-------|---------------------|-------|-----|
| 1. setenta y seis | _____ | 6. treinta y tres | _____ | 13 |
| 2. sesenta y siete | _____ | 7. trece | _____ | 67 |
| 3. ciento | _____ | 8. ochenta y ocho | _____ | 76 |
| 4. once | _____ | 9. cuarenta y cinco | _____ | 88 |
| 5. cincuenta y dos | _____ | 10. noventa y uno | _____ | 91 |
| | | | | 52 |
| | | | | 45 |
| | | | | 33 |
| | | | | 100 |
| | | | | 11 |

C. Arrange the following list of numbers so that they are in order, the smallest first, the largest last:

- | | |
|-------------------|--------------------|
| ochenta y ocho | treinta y tres |
| treinta y ocho | cincuenta y cuatro |
| noventa y nueve | ochenta y nueve |
| cuarenta y cuatro | setenta y cinco |
| sesenta y siete | ciento |

- | | |
|----------|-----------|
| 1. _____ | 6. _____ |
| 2. _____ | 7. _____ |
| 3. _____ | 8. _____ |
| 4. _____ | 9. _____ |
| 5. _____ | 10. _____ |

D. As you have probably noticed, certain numbers look like others. They almost come in little families. Write the Spanish words for the numbers in each group:

- | | |
|------------|------------|
| 1. 1 _____ | 3. 3 _____ |
| 11 _____ | 13 _____ |
| | 30 _____ |
| 2. 2 _____ | 4. 4 _____ |
| 12 _____ | 14 _____ |
| | 40 _____ |

9. 9 _____

19 _____

90 _____

E. Arithmetic in Spanish. Can you solve these problems?

1. Add:

$$\begin{array}{r} \text{veinte} \\ + \text{treinta} \\ \hline \end{array}$$

$$\begin{array}{r} \text{cuarenta} \\ + \text{sesenta} \\ \hline \end{array}$$

$$\begin{array}{r} \text{ochenta} \\ + \text{diez} \\ \hline \end{array}$$

2. Subtract:

$$\begin{array}{r} \text{quince} \\ - \text{cinco} \\ \hline \end{array}$$

$$\begin{array}{r} \text{doce} \\ - \text{once} \\ \hline \end{array}$$

$$\begin{array}{r} \text{catorce} \\ - \text{uno} \\ \hline \end{array}$$

3. Multiply:

$$\begin{array}{r} \text{cinco} \\ \times \text{cuatro} \\ \hline \end{array}$$

$$\begin{array}{r} \text{once} \\ \times \text{ocho} \\ \hline \end{array}$$

$$\begin{array}{r} \text{treinta} \\ \times \text{tres} \\ \hline \end{array}$$

4. Divide:

$$\begin{array}{r} \text{ochenta} \\ \div \text{cuatro} \\ \hline \end{array}$$

$$\begin{array}{r} \text{diez y seis} \\ \div \text{dos} \\ \hline \end{array}$$

$$\begin{array}{r} \text{veinte y cinco} \\ \div \text{cinco} \\ \hline \end{array}$$
