

Place _____

You will be writing and performing a conversation with two other classmates. You will be giving directions from school flagpole to the place I give to you or the one written on the top of this paper. In the skit, you must use all 12 words/phrases under the **ask for and give directions** section of the vocab sheet. Everyone must speak. Also, you **cannot use the name** of the place given in the conversation since we are going to guess where you are at based upon your directions. I repeat, you will give directions from the front of the school (flagpole) to the place given. See rubric below for more grading requirements.
